Air-To-Air Atomic Rocket Set Off

Launches Age Of Atomic Air Defense

ATOMIC TEST SITE, Nev. (AP)—The age of atomic air defense flashed into being Friday. The first air-to-air rocket with a nuclear warhead was fired from a jet fighter plane.

The Air Defense Command called the advent of its powerful weapon a success with these statements:

Col. Hershel E. Parson, deputy to the test manager for military affairs—"The firing was fully successful, including accuracy and effects experiments."

Col. Eric Hutchinson, Webster City, Iowa, pilot of the launching plane—"Everything went fine. We felt the blast very little. Our escape maneuver was not excessively violent."

Radiation Negligible
Maj. Sydney Bruce, Durango, Colo., one of five officers who were on the ground directly beneath the blast—"We were not bothered by the blast and flash. The radiation hazard was negligible."

The rocket, a Genie produced by Douglas Aircraft Co., streaked out from the F89 Scorpion jet at 7 a.m.

About three seconds later it burst on the target—a designated point in space—with a vivid flash and a subdued roar.

Dainty Smoke Ring
It cast up a dainty smoke ring of pink and white which floated lazily to more than 40,000 feet. When the cloud drifted northeast and broke up.

Power of the rocket had been announced as well below nominal but Lt. Gen. J. H. Atkinson, commander of the defense command, with headquarters at Colorado Springs, Colo., said before the firing that it could wipe out a close formation of enemy planes.

After the firing, he called the MBI—military designation of the rocket—the "best weapon we have."

In ADC Arsenal

Gen. Atkinson had said earlier the defense command already has atomic rockets in its arsenal. While they are not now carried on planes, they could be installed in a matter of minutes, Atkinson said.

The program of developing and testing of an atomic rocket began in 1949.

The launching plane and its two companions were making a sharp (Continued On Page Nine)

DROP IN PUBLIC AID ROLLS

SPRINGFIELD, Ill. (AP)—Public aid rolls dropped in May to a total of 289,645 persons who received \$13,849,913, the Illinois Public Aid Commission reported Friday. This was 17,895 recipients and \$1,092,847 below the same month a year ago.

Poor relief went to 80,409 persons whose average grant was \$35.28. Old age pensions dropped to 97,318 recipients at a cost of \$5,834,750. Blind and disability assistance also decreased.

Aid to dependent children climbed to 107,890 recipients at a total expense of \$3,837,832, representing increases of 9,352 persons and \$440,561 over May last year.

Hoffa Acquitted Of Bribery Charges

WASHINGTON (AP)—James R. Hoffa, No. 2 man in the Teamsters Union, won an acquittal Friday on charges that he conspired and bribed to plant a spy within the Senate Rackets Committee.

The verdict may rocket Hoffa into the union's presidency, a post being vacated by Dave Beck, who is retiring under charges from the same Senate committee that he misappropriated large sums from the union.

A federal court jury of seven women and five men deliberated only about 3½ hours in reaching its verdict exonerating Hoffa, 44. Conviction upon the charges he faced could have carried a penalty up to 13 years in prison and \$21,000 in fines.

As his wife and daughter Barbara, 19, stood weeping with joy in the courtroom, Hoffa let it be known he would make an early decision on whether to seek Beck's position. He told newsmen he would "make it my business within the next six days to call a meeting in Chicago of my friends in the international union and decide what my future activities will be in the union."

Members of the Senate committee obviously were chagrined at the verdict but only one, Sen. Goldwater (R-Ariz.), had any immediate comment. He said: "Joe Hoffa makes a pretty good defense attorney, that's all I can say."

This was a reference to the fact that the former world heavyweight champion spent a day and a half in a conspicuous place in the courtroom audience as the jury, consisting of eight Negroes and four white persons, heard the evidence.

Louis described Hoffa to newsmen as "my good friend" and said he had come to see what was happening to him.

Officer Guilty Of Falsifying U.S. Document

KAISERSLAUTERN, Germany (AP)—A U.S. Army security officer was convicted Friday of falsifying a document to cover up the loss of a top-secret letter.

A general court-martial ordered Maj. Harry G. Thorpe of Arlington, Va., dismissed from the service for forfeiture of all pay and allowances. He was specifically convicted of making a false official statement and conduct unbecoming an officer.

The chief witness against Thorpe was Sgt. Dan Burns, who told the court a document known as "P532, 7th Army letter of instruction on emergencies" was missing in an inventory in April 1956.

Thorpe, who was top-secret control officer for the Army's Western Area Command in Germany at the time, made an intense search for the missing paper but failed to find it, Sgt. Burns testified.

Shortly before the major was transferred to other duty in October, he signed a certificate of destruction and instructed Burns to file it in place of the lost letter.

The incident came to light when Thorpe's successor learned from Burns how the problem of the missing document had been handled.

Link Killer Of Three Schoolboys To 'Frankenstein'

CHICAGO (AP)—Police had a name Friday for a blond youth sought in an investigation of the 1955 slaying of three school boys. They said a friend of Robert Petersen, 13, one of the victims, had linked a police sketch of a suspect in the triple slaying to a Peterson neighborhood character the children called "Frankenstein."

Lt. Joseph Morris, who heads a special unit investigating the deaths of Peterson, John Schuessler, 13, and his brother, Anton, 11, said the identification was made by Terry Rilly, 15, who since has moved to Memphis, Tenn.

Morris said Rilly told Memphis authorities the subject of the police sketch resembles a "big guy" who used to frighten children in the Chicago neighborhood by chasing them and making gestures.

The bodies of Peterson and the two Schuessler boys were found Oct. 18, 1955, in a forest preserve west of Chicago.

Details for the sketch of the blond young man currently sought in the case were supplied by Mrs. Maria Gonzalez, a Chicago eye technician who said she noticed a similar young man annoying Peterson in the lobby of her office.

Morris said the man described as "Frankenstein" had been sought earlier in the investigation. The hunt was renewed, Morris said, when police learned about a week ago that the three boys were in the Loop building which houses Mrs. Gonzalez's office on the day they disappeared.

Official Testifies He Bought Home With Union Funds

WASHINGTON (AP)—Lloyd Klenert testified Friday he and another leader of the United Textile Workers Union bought swank new homes with union money to hide the funds from a rival union faction.

Klenert, secretary-treasurer of the 50,000-member UTW, told the Senate Rackets Investigating Committee he and President Anthony Valente used some \$37,000 of union funds as temporary down payments on suburban homes here.

The lean, careful-speaking witness hinted the money was later repaid. This was reported earlier by Chairman McClellan (D-Ark.) who said, however, the repayment began only after AFL-CIO President George Meany caught the two men misusing union money.

During Friday afternoon's session of the Senate hearing an auditor, Eric G. Jansson, testified that Valente and Klenert once gave him an "untrue" sworn statement that the "37,000 had been used for special organizational efforts."

It previously was brought out union money used for the two homes was charged to "organizing expense." Klenert denied Friday that some \$17,500 also charged off to organizing went to furnish the homes.

"My friend, I have a warrant for your arrest."

"Good boy," Egan said. He then entered his office to make several telephone calls, including one to an unnamed Chicago television station. Two others were to Aurora justices of peace, seeking a warrant for the arrest of the city commissioner he hit. The justices refused to issue the warrants.

Egan then was taken to the City Jail for failing to post \$200 bond. He said he didn't have the bond money. He was released after two hours in the pokey when bond was posted by a friend, Greg Hanlon.

He spent the two hours in the women's section, which has sheets on the beds and private washrooms.

Egan struck Commissioner W. B. Robertson on the jaw at a City Council meeting Thursday when Robertson interceded for a fellow commissioner, H. A. Wyeth, during a discussion concerning a new West Side YMCA.

U.S. Announces Balanced Budget—Second In A Row

WASHINGTON (AP)—The government Friday announced its second balanced budget in a row, showing a \$1,645,000,000 surplus for the 1957 fiscal year which ended June 30.

However, the Treasury report chilled hopes for an early tax cut. Officials have stated that any significant tax relief must await a surplus twice that size, or larger.

The fiscal accounting, released with a brief statement by Secretary of the Treasury Humphrey and Budget Director F. Brundage, reported receipts at an all-time record of \$70,980,000,000 and spending at a peacetime record of \$69,334,000,000.

The surplus was \$3 million dollars smaller than President Eisenhower estimated in his budget message six months ago. But it was slightly larger than the \$1,626,000,000 surplus of a year ago.

Not since 1947-48 has the government had two successive balanced budgets. Eisenhower's proposed budget for the present fiscal year, a controversial \$71,800,000,000 document now being pruned by Congress, calls for a third surplus, amounting to \$1,813,000,000.

Both spending and income in the year just closed were above the President's January forecasts and far above his estimates when he originally presented the fiscal 1957 budget to Congress in January 1956.

Spending ran almost 3½ billion dollars above that 18-month-old forecast while revenues, buoyed by booming national income and profits, were nearly 4½ billion dollars higher.

In more recent months, Friday's statement disclosed, government spending has been rising more rapidly than revenues. The outlays were 441 million dollars above the estimate of six months ago and receipts were 361 million dollars higher.

The statement by Humphrey and Brundage said the recent climb in government costs was "mainly due to larger expenditures for the Department of Defense which were not fully offset."

700 Million Below Ike's Request

WASHINGTON (AP)—The House Friday night passed a \$3,116,833,000 foreign aid authorization bill, cut \$727,800,000 below President Eisenhower's request.

Passage was by a 254-154 rollcall vote. The vote climaxed a week of hot debate over the overseas aid program in which the House also voted down major Eisenhower proposals to put the aid program on a long-term basis.

The bill now goes to the Senate House conference for compromise with a Senate-passed bill much closer to Eisenhower's original request. The Senate cut only \$78 million dollars from the administration bill and it approved some long-term aid authority.

Count On Conference
Eisenhower and Secretary of State Dulles were counting on the Senate-House compromise Committee to rescue some foreign aid projects severely trimmed in a final hectic day of House voting.

Specially hard hit in the long session that ran into the evening hours were Eisenhower programs for a new development loan fund and for economic aid to support defense programs of U.S. allies.

\$300 Million Off Defense
Instead of the 900 million dollars Eisenhower wanted for defense support in the coming 12-month period, the House voted 155-74 for only 600 millions. The Senate bill provides 900 million dollars.

It limited Eisenhower's proposed new development loan fund to one year, instead of the requested three years and set a 500-million-dollar ceiling for the program.

The President had sought 500 million dollars for the first year and 750 million for each of the following two years. He said this would put the foreign aid program (Continued On Page Nine)

Recover Bodies Of Five Airmen Killed In Crash
PLATTSBURGH, N.Y. (AP)—Lake Champlain Friday yielded the bodies of five Air Force men killed Thursday night in the fiery crash of their huge KC97 tanker plane. Three others survived.

The four-engine craft plummeted into the lake three minutes after takeoff from the Strategic Air Command base in this city near the U.S.-Canadian border.

The plane piled into an underwater reef and broke in two, then burst into flames.

Air Force officers said two of the plane's four engines had failed.

The base said the dead included Lt. Malcolm McCoy, 27, of Cloyds Landing, Ky.

Two of the survivors parachuted to safety. Sgt. Chester A. Kazinski, 32, of Chicago, a flight engineer, and Sgt. Ellis S. Radonovich, 38, of South Bend, Ind., radio operator, landed about six miles south of the city.

WOMAN JOINS STATE AUDITOR'S STAFF
SPRINGFIELD, Ill. (AP)—State Auditor Albert S. Smith Friday announced the appointment of Mrs. Margaret Holloway of Du Quoin as the first woman to join the financial division examining staff in the auditor's office.

Mrs. Holloway, a former school teacher, will examine public and private cemeteries that hold deposits for perpetual care.

There also was a hitch in the ceremonies when the crypt was found too small to receive the coffin. Workmen toiled to enlarge it in the sweltering temperature. The ceremony thus lasted 45 minutes.

Members of the Ismaili sect from near and distant parts of Africa and Asia—representatives of a faith he had headed for 71 of his 79 years—chanted prayers and the begum wept as the coffin was placed in its temporary tomb in the courtyard.

Sheppard, Convicted Of Murdering Wife 2½ Years Ago, Will Get Lie Detector Test

COLUMBUS, Ohio (AP)—Dr. Samuel H. Sheppard, convicted of wife murder 2½ years ago in one of Ohio's most sensational trials, finally will get a lie detector test. But a favorable result still would leave him a long way from freedom, it appeared Friday.

Permission for the test on the suburban Cleveland osteopath was granted Friday by Gov. C. William O'Neill in the wake of a "confession" by a man under arrest in Florida.

Newsmen got the word that the test by a nationally known expert will be permitted only a short time before Sheppard's co-counsel, Lt. Gov. Paul M. Herbert, said the 33-year-old osteopath has made a "vague" identification of Donald Wedder, 23, now in custody in DeLand, Fla. Sheppard, now in Ohio Penitentiary, was shown an enlarged Associated Press wirephoto of Wedder. He commented, according to Herbert:

"I have a vague feeling this is the man who attacked me."

Sheppard always has contended but no legal value. It's not competent as legal evidence."

Another member of the prosecution, Saul S. Danaceau, said the test "does not involve any judicial proceeding of any kind."

He said it seemed "rather strange" that Sheppard and his attorneys, "bitterly opposed taking the lie test at a time when it might have meant something in the investigation" and want it now.

Danaceau says a polygraph test "simply registers emotional reactions," and after three years Sheppard's "emotions are dulled" so the test "would have little or no value."

Sheppard was given a life sentence—subject to parole consideration after 10 years.

If and when the "unofficial" lie detector test is given, it will be by representatives of a private group of criminologists who call themselves the Court of Last Resort. There has been no statement from any authority connected with the Sheppard case that any formal move is planned.

Kennedy Leads

It wasn't too long back that it was fair to complain over the lack of 1960 presidential speculation on the Democratic side. Now all that has changed and the horses are off and running.

The early front runner is clearly Sen. John F. Kennedy of Massachusetts. Not only was his name quick on the tongue of Democratic governors at the recent governors' conference, but polls show him the present top favorite of rank and file Democrats across the country.

No politician with his feet on the ground is likely to forget that it is a long, hard road from the first promising mention to the acceptance speech before a cheering nominating convention.

After 1952, Adlai Stevenson read and heard many times that he could have the 1956 nomination for the asking. But when it came to the test he had to battle hard for it, even though he was always the leading candidate. Not too often do the major parties give away their top prize on a platter.

In Kennedy's case, there may of course be many opponents. Some already are in the picture.

But the young senator seems to have quite a few points going for him.

He is handsome, friendly and open-handed in manner. As first a congressman and now a senator, he has established a reputation for forthrightness and fair dealing.

In 1952 Kennedy proved himself a powerful vote-getter in his home state, unseating Henry Cabot Lodge in a year when President Eisenhower was sweeping the nation. He is up again next year and will get a further chance to show what his appeal is at the polls.

The effect of his being a Catholic is difficult to gauge. So far the party men who are talking candidate do not appear to regard it as a serious bar to Kennedy. Some knowledgeable observers believe it was a misreading of the election returns to blame Al Smith's presidential defeat on his Catholicism.

In any event, Kennedy in mid-1957, a full three years before nominating season, is the man to beat. There are signs he may be acceptable to both the South and the North, which is not an easy circumstance to bring off.

But first he has to win again in Massachusetts. And then he will have to buck what may be a highly formidable list of competitors in what surely is the most rugged competition any politician can encounter.

Unprepared

We like to think these days that we are truly a long way from another war. But, properly, we still maintain our civil defense organization in most areas in some fashion or other.

One sad thing, however, is that in very few places is it genuinely adequate even by the most minimum standards. Funds are insufficient and interest is low.

Another, evidently, is that public indifference is such that it is doubtful if even such defensive measures as

could be taken would really be effective.

University of Michigan testers found that if air raid sirens sounded a real alarm only some 20 per cent of the people would believe an actual attack was under way. Most would do nothing in response, or perhaps do the wrong thing.

Considering all that is at stake, this is a rather sad state of affairs. Our luck had better be enormously good in the months and years ahead.

I am often asked whether a disease or a particular operation is "serious." Almost any physical or mental defect or disease and almost any operation should be taken as serious. However, there is a great variation in the degree of risk from disease, injury or operation. Thus the word "serious" merely expresses a vague sense of the degree of risk involved.

The World Today

AP News Analyst

WASHINGTON (P)—Trying to pin President Eisenhower down at his news conferences—on precisely what he wants or doesn't want in his administration's civil rights bill—is not only tough. It has been unsuccessful.

He has been asked about that bill at nine of his 17 news conferences this year—the last time was Wednesday and he hasn't been specific once.

For example, he was asked Wednesday for the benefit of his thinking on enforcement of the 14th Amendment, which promises equal protection under the laws and the 15th, which protects voting rights.

It appeared, when he started out that he is going to get down to cases and answer like a lawyer. But it didn't turn out that way.

He said: "Well, you are asking me to become something of a lawyer in a very short order here, but I will."

"As for the moment, I have announced time and again the objectives I am seeking in civil rights, and the means that I want from the legislature in order that everybody will know where they stand, and it can proceed in an orderly manner."

"I issued a little statement last evening, republishing of what the objectives are. Now, the matter is now, as you know, under debate in the Senate, and I think that for the moment the best thing to do is for most of us to let them do the debating, and we will see what comes out. I am very hopeful that a reasonable, acceptable bill will come out."

The statement he issued Tuesday night was the most specific, even though limited, thing he has said in or out of his news conferences. He said he favored trial by judge, without a jury, for disobedience of a court order in a case involving voting rights. And he backed, in general terms, all of the bill's four sections.

But at his news conference, the answer he gave to a question about section No. 3 angered Northern Democrats who are helping his Republicans fight for the bill.

Under that section the attorney general — without request from anyone — could move in through court orders to force public school integration. Eisenhower was asked if he favored this. His first word was "no," and he added not without a request from "local authorities."

But he quickly backed away from that, saying he didn't want to go further than the "little memorandum I published last evening."

Sen. Douglas (D-Ill.), one of the Northerners fighting for the bill, told the Senate after he heard what Eisenhower said: "It's a very embarrassing position if the President has pulled the rug out from under us."

But Douglas said he wasn't sure what Eisenhower's position was. At the very start of his news conference he was asked if he was "aware" that this bill, by linking itself up with a post-Civil War law, would authorize him to call out the troops to back up a court order in civil rights.

"There may be that kind of authority resting somewhere," he replied, "but certainly I am not seeking any additional authority of that kind."

Shortly afterward the leader of his Senate Republicans, Sen. Knowland of California, and one of the leaders of the Northern Democrats, Sen. Humphrey of Minnesota, proposed in the Senate that the old post-Civil War law be abolished.

That use-of-troops tie-up with Eisenhower's civil rights bill has been one of the points the Southern Democrats have hit hardest in their fight against the entire bill.

After a year and a half of hearings, 7,500 pages of testimony and 1,750 exhibits, FMB Examiner F. J. Horan found that PFEL's application would not result in unfair competition. But the full board reversed the examiner's recommendation and denied PFEL's application for Hawaiian rights.

Federal Maritime Board operates as an independent agency within Department of Commerce. Its decisions are not subject to approval by the president, as are Civil Aeronautics Board's.

But refusing to be stopped by the Maritime Board's two-to-one opinion against it, Pacific Far East promptly filed application for review and took the case in two suits.

In District of Columbia Federal Court PFEL has filed suit against the three Maritime Board members individually, with Secretary of Commerce Sinclair Weeks thrown in as a fourth defendant, for supporting a "near perfect monopoly."

TAKES RIFLE TO GET ORDER IN COURT
GREEN COVE SPRINGS, Fla. (AP)—It took a deputy sheriff with a rifle to restore order in Circuit Court Thursday.
A pigeon flew into the courtroom and Judge W. A. Stanly interrupted a charge to the jury and asked Court Clerk George Carlisle to chase him out.
Carlisle yelled "Shoo" and flapped his arms but succeeded only in frightening the bird which began wheeling wildly around. Jurors and spectators joined in the arms-flapping.
Stanly finally tossed the problem to Sheriff John P. Hall who summoned a deputy with a 22 rifle. One shot killed the bird.

Jack Dempsey held the heavy-weight crown for seven years, from 1919 to 1926.

Interpreting The News

By J. M. ROBERTS
Associated Press News Analyst
When President Eisenhower suggested that any conference in this country by Gen. Georgi Zhukov might better be with Defense Secretary Wilson than himself he put the whole thing on the back burner.
Nonetheless, the very idea has stirred up considerable comment both inside and outside of Congress.
Rep. Bentley, Michigan Republican, put his finger on one of the most serious considerations—if the matter is to have any serious consideration at all—when he pointed out that Zhukov is a prime defendant in a case now pending before the United Nations.
In that case, the Russian regime and the Red Army which Zhukov heads are accused of butchery and aggression in Hungary.
The United States could hardly be in the position of fettering Zhukov—and he would have to be fettered if invited—while helping to prosecute that case.
Nobody in this country, of course, knows exactly what responsibility Zhukov bears in the Hungarian case.
He is a high muckety-muck in Russian political councils in addition to being defense minister. He may one day turn out to be the most important force in those circles. If he had opposed the Hungarian action his voice would have been heard, perhaps decisively.
Despite the President's mention

SAYS 7 MILLION ALCOHOLICS
LOMA LINDA, Calif. (AP)—Seven million adult Americans, says a report, are heavy, addictive drinkers.
The report, released Thursday at the annual Institute of Scientific Studies for the Prevention of Alcoholism, said the number of adult drinkers is increasing at the rate of 250,000 a year.
Chief reason?
"Teaching that moderate drinking is safe," the report.

ANY OLD PLANES TODAY?
DALLAS (AP)—Anyone have a Curtiss carrier pigeon, or maybe a pinch-back Fairchild, stored away in an old hangar somewhere?
Dallas would like to borrow several dozen types of airplanes to display on the opening of the new Love Field Terminal Oct. 20-27.
The list includes Stinsons, Stearman, Fokkers, etc., along with modern Douglas and Lockheed ships and the Boeing 707 jet.

THREE YOUTHS DROWN NEAR ELIZABETHTOWN
ELIZABETHTOWN, Ill. (AP)—Three youths from Tolu, Ky., swept under water by a strong undertow, drowned in the Ohio River near Elizabethtown Thursday.
Police identified the victims as Murial Shaffer Jr., 15, his brother, John, 13, and Bobbie Joe Jones, 19, an Air Force enlisted man. Officers said the three were on a swimming party with three other boys, not identified, who watched helplessly.

NOT ALWAYS A KAYAK
A kayak is a "kayak" only when used by an Eskimo man. When it is used by a woman, it is called an umiak, according to the Encyclopedia Britannica.

of possibilities, there is no more reason to believe that Wilson could convince Zhukov that the American military posture is for defense only than Eisenhower could convince him of the superiority of democracy over communism.
The principal upshot of such a visit would be to convince some people that the United States is willing to do business with murderers, and that some day she might do business to the detriment of her allies and others who are unable to defend themselves alone.
Anyway, the whole thing has now become academic. Indeed, the discussion serves only to overridingly what was discussed in the beginning merely as a casual possibility.

A proposed visit by Marshal Tito of Yugoslavia, who at least encouraged the dissenting elements in Poland and Hungary, was dropped after criticism of his record of trying to play both Russia and the West. Five will get you ten that Zhukov won't be coming.

U. S. Records \$1,645,000,000 Surplus For '57

WASHINGTON (AP)—A surplus of \$1,645,000,000 was recorded by the federal government for the fiscal year which ended June 30.
The Treasury and the Budget Bureau reported the amount today.
The balance for fiscal 1957 was the second successive black-link showing. A third balanced budget recommended by President Eisenhower now is pending before Congress.
The statement issued by Secretary of the Treasury Humphrey and Director Percival Brundage of the Budget Bureau showed federal receipts of \$70,989,000,000 and expenditures of \$69,344,000,000 for the 12 months ending June 30.

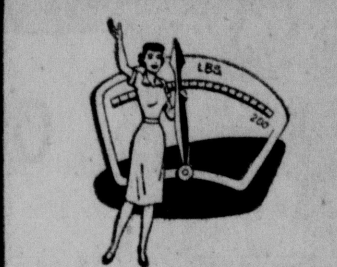

Expenditures were 444 million dollars higher than were estimated in January when the fiscal year was half over, while receipts were 361 million dollars higher than the January estimate.
The public debt at the end of the bookkeeping year was \$270,634,309,846, a reduction of \$2,190,392,278 from the level a year earlier.
The Humphrey-Brundage statement said the increase in outlays was "mainly due to larger expenditures for the Department of Defense which were not fully offset by lower expenditures in other departments."

ONE IDEA OF GOD

At the entrance to the valley where they buried their kings an ancient and industrious people carved the Sphinx.

This was *their* idea of God: the body of a lion, suggesting power . . . the face of a man, suggesting personality . . . the whole amazing image suggesting their belief in a MIGHTY deity who could be KNOWN.

Today, in our churches, we worship God as Jesus Christ revealed Him: almighty but merciful . . . knowing and eager to be known . . . loving man and seeking man's love . . . saving all who believe in their Saviour—His Son!

Can the ancient Sphinx have any significance for men and women like ourselves who have before us the Gospel and example of Christ?

Only this: As long as it remains, the awesome Sphinx will remind us of man's search for God. Just as our own church bells remind us of our opportunity to know, love, and serve Him!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor in earning for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

White Hall Girl Visiting In East

WHITE HALL — Linda Shoon, daughter of Mr. and Mrs. William Schoon, is visiting her sister and brother-in-law, Mr. and Mrs. Carl DeShea in Bainbridge, Md.

Miss Schoon accompanied Mrs. Lloyd Pence as far as Washington, D.C., where the DeShea's met her. Mrs. Pence continued to Norfolk, Va., to meet her husband who is with the U.S. Navy.

Mr. and Mrs. William Schoon will leave the latter part of July for a visit with Mr. and Mrs. DeShea in Bainbridge.

GRANDMOTHER GIVES 9 YEAR OLD A BIRTHDAY PARTY

ROODHOUSE — Patsy Blackburn was honored at a birthday party given at the home of her grandmother, Mrs. R. S. Bess at Manchester, Monday night.

Refreshments of ice cream, cake and popovers were served to the following: Virginia Rose Kelly, Connie and Sharon Funk, Kathy and Linda Barnett, Ria Haugen and the guest of honor, Patsy Blackburn. Mrs. Edward Coats of Alton and Mrs. John Siebold of Granite City were also present.

Patsy, who was nine years old on Tuesday, was also guest of honor with her father, Wayne Blackburn, and wife at a supper that night celebrating their first wedding anniversary held in Lions Park, White Hall. The Blackburns' anniversary occurred on Wednesday.

SUP. OF SCHOOLS RESIGNS AT GREENFIELD

GREENFIELD — Harley Hatfill, former superintendent of the Paris, Ill., High School, who was hired as superintendent of the Greenfield Unit School District No. 10 last week, notified the Greenfield School Board Tuesday night, that he was resigning due to his being unable to find suitable housing arrangements.

The local school board met Tuesday night, and they are again on the look out for a superintendent and principal of the unit.

LUTHERAN GUILD MEETS JULY 15

The Guild of Salem Lutheran Church held its July meeting in the form of a picnic at Nichols Park on Monday evening, July 15. Those in charge of arrangements were Mrs. Evelyn McFadden, Mrs. Leon Gierke and Miss Selma Staake.

After the picnic the group went to the school basement and prepared cancer dressings. Mite boxes were also collected at this meeting.

The next meeting of the Guild will be August 19.

Help-A-Neighbor Club Meets At Patterson Home

PATTERSON — The Help-A-Neighbor Club met Tuesday, July 16, in the home of Mrs. Ida Seely in White Hall. A potluck dinner was held at the noon hour.

Following the dinner hour the business session was opened by the club president, Mrs. Alta Young. The club song was sung, pledge to the flag given, and the Lord's prayer was repeated in unison. Roll call was then read and each member responded with a memory gem. Minutes and treasurer's report were read by secretary, Addie Westerdahl. The club presented the hostess, Mrs. Seely with a beautiful floor lamp as a housewarming gift, as she had recently moved from a farm near Patterson.

A social hour followed the business session and the group enjoyed games of bingo, with prizes from the hostess. The door prize was awarded to Mrs. Jessie Barnett, who was unable to be present.

Members attending were, Mrs. Alta Young, Mrs. Crystal Houghton, Mrs. Cora Augur, Mrs. Pearl Clayton, Mrs. Pearl Johnson, Mrs. Dollie Walls, Mrs. Martha Shafer, Mrs. Bessie Hicks, Mrs. Hattie Nicholson, Mrs. Addie Westerdahl, Mrs. Pearl Seely, Mrs. Hazel Smith and Mrs. Mildred Wilkinson.

Guests present were, Mrs. Violet Bigham, and granddaughter, Karen Sponsler, Jerry and Judy Smith and Ricky Shafer. Mrs. Lee Whiteside of Eldred called in the afternoon.

The August meeting will be a family picnic, to be held at the Lion's Park, in White Hall, Sunday, August 18, with a potluck dinner at noon.

SAY BLACKBERRIES SMALL THIS SEASON

JERSEYVILLE — Blackberry pickers report the wild berries this season are lacking in size for some unexplained cause. There has been an abundance of rainfall, but in spite of this fact, most of the canes found in wooded areas and along highways and in pastures are producing fruit about one half the size of former seasons.

The smaller ones are just as good, however, for jelly and jam and blackberry preserves. It just takes longer to pick a bucket from the vines.

MEREDOSIA

MEREDOSIA — Last Wednesday and Thursday Miss Jo Ellen Steinberg was home during a two day break between groups of Girl Scout campers at Camp Widjawan at Springfield.

Miss Lola Riley and Miss Geraldine Knight spent the weekend with their parents. The young women, members of the 1957 class of the Meredosia-Chambersburg high school, are now employed in Springfield.

Mr. and Mrs. Joe Schneider have received word of the birth of a daughter to their daughter and her husband, Mr. and Mrs. Virgil Rath of Springfield.

Several families have received invitations to the wedding of Miss Donna Gay Wilson and Thomas Thurmon. Thomas' parents are former Meredosia residents. The ceremony will take place in the Mennonite Church in Meadows, Illinois.

SISTERS HONORED AT BIRTHDAY PARTY

CARROLLTON — Miss Virginia Vedder who was 91 July 9 and her sister, Miss Grace Vedder who was 85 July 17 were guests of honor at a birthday party Saturday evening at their home in this city. The sisters, who are both in ill health have made their home together since the retirement of Miss Virginia Vedder as a teacher in the White Hall school system a number of years ago.

Present for their party Saturday evening were Mr. and Mrs. Everett Butler and daughter, Mr. and Mrs. Edward Vedder and Mrs. Marilyn Bromaghin and children of Alton and Mr. and Mrs. Nelson Snidie and daughters of this city.

Home Advisor In Jersey Co. Hands In Resignation

JERSEYVILLE — Miss Marjorie Leach who has been Home Advisor of Jersey county for the past three years, has resigned her position here effective Sept. 9. She is entering the University of Illinois in September to work toward her master's degree.

Miss Leach has been offered an Assistantship in Home Economics at the University this year and will be resident supervisor of the Home Management House on the campus which includes Junior and Senior Home Economics students, and will also do some undergraduate teaching at the University.

Miss Leach is a graduate of the University of Illinois where she was president of her House on the campus and active in work of the Home Economics Clubs there. During her senior year there she assisted DIAnna Mathre who is in charge of the Home Economics program on the Champaign TV station and appeared on the programs personally a number of times. While in Jersey county Miss Leach has done broadcasting on the Farm and Home Hour of the Alton radio station.

A daughter of Mr. and Mrs. Virgil A. Leach of Maroa, Ill., Miss Leach was active in the 4-H club program in her home county of Macon and won honors at the State Fair in demonstrations. She came to Jersey county July 1, 1954, following her graduation from the University of Illinois and has been very successful in her work here both in Home Bureau and with the 4-H clubs and community projects.

RAIN BENEFICIAL TO PATTERSON AREA

PATTERSON — This vicinity has received two beneficial rains the first of the week, one on Monday morning and another on Tuesday morning. While the amount of rain was not large it will greatly benefit the late corn and the bean crop, which is looking good in this community.

Late gardens and fruit will also benefit from these occasional rains. The early crop of summer varieties is now being brought to the packing shed at Drake from the Eckert Bros. Orchards, north of town.

Another New and Bigger Forward Control 'Jeep' Truck

Here's a completely new, bigger, more powerful, 7,000 pound GVW, Forward Control 'Jeep' Truck — the all-new FC-170.

- More cargo space on less wheelbase! The new FC-170 puts a 9-foot pickup box on a wheelbase only 103 1/2 inches long. Bed is only 27 inches from ground for easier loading!
- More efficient space utilization! Compare it with any other 4-wheel drive truck. You'll find that only the FC-170 gives you so much space per inch of wheelbase.

New high in "big-load" maneuverability! The FC-170 is the only 4-wheel drive truck to give you "go-anywhere" 'Jeep' maneuverability with a payload capacity of up-to 3500 pounds.

- Other outstanding features: High-torque Hurricane 6-226 engine, time-tested and performance-proved • 8-inch ground clearance to prevent off-road "hang-up" in rough, open country • With power take-off, the new 'Jeep' FC-170 operates a wide range of special equipment from winches to belt-driven machinery.

The Newest addition to the 4-wheel drive 'Jeep' family!

SPACIOUS SAFETY-VIEW CAB, with large wrap-around windshield, puts you in a "Forward Control" position, gives you greater command of any driving situation. Plenty of head and leg room for greater driving comfort.

"GO-ANYWHERE" 'JEEP' TRACTION — with the extra traction of its 4-wheel drive, and 63" tread, the FC-170 goes almost anywhere with ground-gripping stability — then shifts easily into 2-wheel drive for highway travel.

Make Grave Error—Bury Man They Thought Brother

CHICAGO (AP)—A brother and a sister were convinced quite shockingly Thursday that they had made a grave mistake in burying a man they had identified as their brother. He showed up at their home very much alive.

Daniel Gallagher, 51, appeared at the home of his brother, Thomas, and his married sister, Mrs. Mary Mellon, 55. Daniel has lived with his brother and sister for several years—but he has been absent from home for a couple of weeks.

On July 10, Thomas Gallagher and Mrs. Mellon identified a body found under an elevated railroad platform as that of Daniel. The

man appeared to have died of natural causes. Thomas said the dead man had a defective right foot—as has Daniel.

The Gallagher's said the dead man also had a striking facial resemblance to Daniel.

A funeral was held and the man was buried in the Gallagher family plot.

Thomas said his brother, father of a son and daughter and separated from his wife, explained his absence from home. He was serving a 17-day sentence in jail for drunkenness.

BIGGEST LOADSPACE —NO EXTRA COST!

One more reason why FORD TRUCKS COST LESS

You get 23% extra loadspace in a Ford Styleside pickup body at no extra cost. That's 23% more loadspace than the next biggest competitive pickup... up to 41% more than the rest!

The picture speaks for itself. It's easy to see how Ford's extra-wide body can save you time, save you trips. And that's only one of the many ways you'll save with a '57 Ford pickup. First cost is low, resale value is high. Ford's famous Short Stroke power—Six or V-8—means low operating costs and a 10-million-truck research study proves Ford trucks last longer.

There's a big dividend in comfort, too! Ford's all-new Driverized cab and new chassis suspension give you a ride that's more like a passenger car than a truck. Here's a pickup you'll be happy to use for pleasure as well as for work!

Let us show you all the "Cost Less" advantages of Ford's new Styleside Pickup!

Population In State Increases 9% In Six Years

SPRINGFIELD, Ill. (AP)—Illinois population increased by 775,000 or 9 per cent between 1950 and 1956, reaching a total of 9,487,000 state officials estimated today.

The figures, prepared for the state Health Department by a University of Chicago research center, attributed 93 per cent of the increase to birth rate outdistancing deaths. The other 7 per cent reflected movements into the state.

Growth was more rapid in the 13 metropolitan counties than in the 89 other counties. Joliet and Rockford advanced most rapidly among cities, by 16 per cent each, with Decatur showing a 13 per cent rise. Aurora 12, East St. Louis 7 and Peoria 5. Oak Park's population declined by 3 per cent and Chicago's increased 3 per cent.

The 1956 estimated population of the 12 leading cities are: Chicago 3,745,000; Peoria 118,000; Rockford 108,000; East St. Louis 88,000; Springfield 82,500; Evanston 75,000; Decatur 75,000; Cicero 68,100; Oak Park 61,300; Joliet 60,000; Aurora 56,800, and Berwyn 50,600.

The increase also reflected a greater proportion of "dependent population," those in the age groups under 15 and over 65. Non-white population made greater strides than white, totalling almost 10 per cent of the state figure, or 888,000.

CONTEST WILL LEAVING \$100,000 TO BRIDEGROOM

SPRINGFIELD, Ill. (AP)—A will under which a 72-year-old Springfield woman left more than \$100,000 to her bridegroom of less than four months has been contested in circuit court.

The suit was filed Thursday by brothers, sisters, nieces and nephews of Mrs. Myrtle Wienold Vosburgh, who died Jan. 10 and left her entire estate to Ira Vosburgh.

In their suit, the 13 relatives charged that at the time of her marriage, Mrs. Vosburgh was suffering from cancer, was under the influence of "stupefying drugs" and narcotics and was of unsound mind.

 LEAVENWORTH, Kan. (AP)—Officials of the Leavenworth National Bank opened bids on a conversion project to find that George Collins and Julius Kaaz had submitted identical bids of \$9,950.

Collins and Kaaz are friends. Furthermore, both are customers of the bank and both are fellow Rotarians with bank president Frank Carroll.

The contractors settled the issue by tossing a coin for the job Collins won.

Before he was named to the U. S. Supreme Court in 1939 Justice William O. Douglas was chairman of the Securities and Exchange Commission.

Ibbotson Runs 3:57.2 Mile For New World Record

By MILTON MARMOR

LONDON (AP)—Derek Ibbotson, a Royal Air Force electrician, set a world record for the mile in 3:57.2 Friday and three others in the race also ran under four minutes for the first time in history.

The recognized record is 3:58 made by John Landy of Australia June 21, 1954.

Following Ibbotson to the tape in the widely heralded "mile in a million" were Ron Delany of Villanova and Ireland, 3:58.8; Stanislaw Jungwirth of Czechoslovakia, 3:59.1; and Ken Wood of Great Britain, 3:59.3.

And in Stockholm Friday, a fifth man also broke the four-minute barrier at almost the same time. A 24-year-old Swede, Dan Waern, was timed in 3:59.3 at Stockholm Stadium.

A special mile race in the White City Stadium before a roaring crowd of 35,000 was the highlight of the opening of a dual meet between New York and London.

With about 300 yards to go, Ibbotson took the lead away from Jungwirth and won by 12 yards. Delany, the Olympic champion at 1,500 meters, sprinted in his usual spectacular fashion and edged out the fading Czech.

For many years the four-minute mile was considered unattainable. Then on May 6, 1954, Dr. Roger Bannister of Great Britain, running in an obscure meet at Oxford, broke through the psychological barrier and set a mark of 3:59.4.

Derek is no newcomer to the record ranks. On June 15 of this year he ran the mile in 3:58.4, second fastest up to then.

There were seven men in Friday's special mile race. Michael Blagrove of Great Britain set the early, sizzling pace, with Jungwirth at his heels. They tore by the first quarter mile in 1:53.3, and hit the half mile in 1:55.8, a fast pace in itself.

Even Stefan Lewandowski of Poland, who finished out of contention in fifth place, was timed in 4:00.6.

After the race, Ibbotson recovered his breath and told newspapermen that the first lap was "agonizing."

"I had never run a 55-second lap in my life before and I didn't think I could last, but after that things settled down," he said.

Pafko's Pair Of Home Runs Paces 1st Place Braves To 3-1 Victory

NEW YORK (AP)—Andy Pafko belted a pair of home runs, breaking a 1-1 tie with a two-run shot in the ninth inning, as the Milwaukee Braves hung on to first place in the National League race Friday night with a 3-1 victory over the New York Giants.

A pair of ex-Braves, southpaw Johnny Antonelli and outfielder Bobby Thomson, had held Milwaukee even until the ninth, with Thomson smacking his 10th home run to tie it in the fifth and Antonelli blanking the leaders on four singles after Pafko's second home run of the season in the second inning.

Gene Conley, gaining his second complete game of the year and third victory against four defeats, knocked off the sixth-place Giants with a seven-hitter, walking none and striking out one.

Antonelli, who had won three,

CHICAGO (AP)—Substitute Ted Lepcio's three-run homer and a solo shot by Ted Williams carried the Boston Red Sox to a 5-2 victory over the Chicago White Sox Friday night before a crowd of 36,113.

Lepcio, subbing for Billy Klaus who injured his back on a fielding play in the second, slammed one of Billy Pierce's fast balls into the left field stands with two on and two out in the third inning.

Williams clobbered his 27th homer and his seventh in nine games into the right field stands off reliever Paul LaPalme in the eighth.

The loss dropped the second-place White Sox six games behind the New York Yankees and left them six games ahead of the third-place Red Sox.

Willard Nixon, who started Pierce off to his seventh loss against 13 victories, posted his seventh triumph against five defeats but needed help from Ike Delock in the eighth.

College All-Stars Romp Through 2-Hour Practice

EVANSTON, Ill. (AP)—The college football all-stars, 44 strong, Friday romped through a two-hour practice in their first workout for their Aug. 9 game with the New York Giants at Soldier Field.

The All-Star coaching staff, headed by E. L. (Curly) Lambeau, was impressed by the size, speed and fine condition of the collegians, who appeared in much better physical shape than the squad which reported in 1956.

Last year's All-Stars lost to the Cleveland Browns, 26-0.

In 1956, the players struggled in over a period of several days, some of them arriving from professional camps with injuries and many of them with pronounced paunches.

Otto Graham, former Brown star quarterback and now one of Lambeau's coaches, was pleased with the three reporting quarterbacks — Paul Hornung of Notre Dame, Len Dawson of Purdue and John Brodie of Stanford.

The fourth quarterback — Oklahoma's Jim Harris, still in summer school and will report in a few days.

in a row and had beaten the Braves three times this season without a defeat, struck out eight and gave up only two walks—issuing a lead-off base on balls to Eddie Mathews ahead of Pafko's winning shot into the upper left field seats.

Pafko, 36-year-old outfielder who was shifted to the cleanup spot in the Milwaukee batting order with slugger Hank Aaron out with a sprained ankle, also turned in a pair of catches that were beaute. He went far back to haul in Thomson's second inning fly ball. And in the eighth, with a man on first, made a diving catch of a sinking liner by pinch-hitter Dusty Rhodes.

Milwaukee 010 000 002—3 7 1 New York 000 100 000—1 7 0 Conley and Crandall; Antonelli and Katt; Westrum (9).

Home runs — Milwaukee, Pafko (2), New York, Thomson.

Sports Trail

By WHITNEY MARTIN

NEW YORK (AP)—Well sir, we couldn't believe it if we hadn't seen the picture in the newspapers. There it was in black and white and grey, showing Robin Roberts being forcibly restrained from assaulting Umpire Jock Conlan.

Robin Roberts, of all people. That's like learning your kindly old Aunt Agatha had just been arrested for slugging a bank teller with a gun butt.

Mild and patient and non-complaining, that's always been Robin Roberts. Strictly a class guy is the Phillie pitcher with one of baseball's finest records.

It is almost inconceivable that he should blow his top, and maybe the fact that he is having his poorest season since he started throwing baseballs for hire back in 1948 had something to do with it. That he should apologize later and say that he should have been thrown out is more in keeping with his character.

Only once before had he been thumbed out of a game. That was June 8, 1956, when he protested to vehemently an umpire's call on a play at first base.

Oddly enough, on both occasions his protests had nothing to do with the calls on balls and strikes, which usually concern a pitcher the most and which undoubtedly on occasion he has a license to complain, as umpires can't be right all the time.

Both involved decisions on base runners, and he must have been convinced he was right each time. Wednesday it involved a play on his teammate, Grady Hamner. Hamner was on second base and Eddie Bouchee on first when Rip Repulski hit a liner which was trapped by shortstop Johnny Logan. Logan tossed to Red Schoendienst to force Bouchee. Hamner held second, and then streaked for third. The umpires ruled he had been tagged by Schoendienst, and Roberts was tossed out when he made a delayed-action protest on the call.

Roberts, a handsome, ruddy-faced fellow with a slow smile and a slow and quiet way of talking, has such a wide streak of kindness in his nature that he wouldn't think of throwing at a batter.

He's like the late Walter Johnson in that respect. Johnson's amazing speed put his pitches in the class of bullets, and he was fearful of maiming someone. On one occasion, after accidentally hitting a batter, he had to retire from the game, he was that shaken up over the incident.

The knowledge around the National League that Roberts will not throw at a batter undoubtedly has a lot to do with the fact he set a new major league record in serving up home runs last year, and year in and year out gets nicked for such blows with distressing regularity.

Last year 46 home runs were made off his pitches. The batters, aware of his control and the fact he won't try to hit them, dig in and swing from their heels. He will throw a pretty fast ball, and when a batter connects with a fast ball it's going to travel.

His control is noted in the fact that last year he led the league in the fewest number of bases on balls. He averaged only 1.21 walks a game.

Anyway, we believe Roberts can be excused for his Wednesday blowup because of extenuating circumstances. A fellow can't be too happy with a 6-12 record with a top pennant contender.

Burkemo, Finsterwald Slash Into Semifinals Of Upset-Strewn PGA

By WILL GRIMSLEY

DAYTON, Ohio (AP)—Match-play terror Walter Burkemo and golf's young capitalist, Dow Finsterwald, slashed into the semifinals of the upset-strewn PGA championship Friday with two 100-1 longshots, Lionel Hebert and Don Whit.

This quartet survived a humid and shower-splattered double round of eliminations at the Miami Valley golf club which saw the ouster of three-time winner Sam Snead, leading money winner, Doug Ford, National Open champion Dick Mayer and Tommy Bolt.

In Saturday's 36-hole semifinals, the bullish Burkemo, finalist three of the last six years and winner in 1953, meets Hebert at 10 a.m. (EST) while Finsterwald, the year's third leading money winner, opposes Whit, an obscure winner pro from Alameda, Calif., who is a sophomore member of the tour.

The 35-year-old Burkemo, from Franklin, Mich., broke up a possible all-brother semifinal when he eliminated Lionel's old brother, Jay Hebert, 2 and 1, after beating the veteran Henry Ransom of St. Andrews, Ill., in the morning, 5 and 4.

Lionel, 29-year-old unattached pro from Lafayette, La., where he was born, put out Mike Souchak, the former Duke University football player, 2 and 1. Lionel then beat Claude Harmon, jowly master of the famed winged club in Mamaroneck, N.Y., 2 and 1.

Finsterwald, 27-year-old son of an Athens, Ohio, attorney, cut the props from under the favored Snead in a fourth round match, 3 and 1, and then outlasted the amazing 51-year-old Charley Sheppard, of West Newton, Mass., 2 up.

Sheppard, a gray-thatched little pro with the touch of a violinist around the greens, put up a much better battle than the erratic Snead, who hooked his drives and

missed easy puts in a scatter-shot performance.

Playing in sweltering heat, Sheppard carried Finsterwald to the 18th green where the New Englander sliced his drive into the rough, hit his second into more rough and then over-pitched the green, finally conceding to Finsterwald's shot on the green.

Whitt, 26 and like Finsterwald playing in his first PGA, won a fourth round 2 and 1 victory over Milon Marusic, who had eliminated defending champion Jack Burke Jr. Thursday, then put out Mayer, the open champ, by the same 2 and 1 margin.

Friday's losers play in a consolation Saturday under the new PGA format, with Harmon playing Jay Hebert and Mayer meeting Sheppard.

Ford, the year's leading money winner, Masters champion and 1955 PGA king, was beaten by Jay Hebert in the fourth round 3 and 2, while Bolt, who had emerged as a strong contender, fell before Harmon by a 1-up score.

Whitt turned into the "dark horse" sensation of the tournament with the cool, methodical manner he disposed of Mayer, who played strong, confident golf all the way although he has been relatively inactive since his Open victory at Toledo.

TIGERS DEFEAT SENATORS, 4-1

DETROIT (AP)—The Detroit Tigers got all their runs early in the game Friday night off right-hander Pedro Ramos and went on to defeat the Washington Senators 4-1 before 13,768 spectators, smallest night crowd of the season at Briggs Stadium.

The Tigers, winning the first of a three-game series against the Nationals after dropping three straight to the first-place New York Yankees, scored four times in the four innings Ramos worked. Then they were held to one safety by relievers Dick Hyde and Jim Heise.

Paul Foytack needed help over the last two innings from Harry Byrd but registered his 10th triumph against nine defeats. The only run off Foytack, who yielded all eight Washington hits, was unearned.

Washington 000 001 000—1 8 0 Detroit 120 100 008—4 8 2 Ramos, Hyde, (5), Heise (7) and Courtney. Foytack, Byrd (8) and House. W—Foytack, L—Ramos. Home run—Detroit, House.

CALHOUN BEATS GERMALIN BALLARIN

SYRACUSE, N. Y. (AP)—Rory Calhoun, persistent White Plains, N. Y., middleweight, bulled his way to a unanimous decision over Germalin Ballarin, a clever Frenchman, in a 10-round match at War Memorial Auditorium Friday night. Calhoun weighed 160, Ballarin 159.

Ray Robinson beat Willie Pep in 1937 at Norwich, Conn., when both were amateur boxers. They never met as professionals.

Nuxhall Pitches Cincy To 7-2 Win Over Phils

PHILADELPHIA (AP)—Joe Nuxhall pitched Cincinnati back into the first division Friday night with a four-hit, 7-2, victory over Philadelphia, backed by his teammates' 14 singles and one home run off league-leading pitcher Jack Sanford and three other Phil hurlers.

The Phillies dropped to fifth place as the National League's first five teams continued to rattle around in the standings like dice in a box.

The Redlegs hardly needed to flex their vaunted muscles in spoiling rookie Sanford's bid for his 13th victory of the season and his first over them. Instead they chased him to his third defeat with nine singles, many of the scratch variety, and a George Crowe's 21st home run, a two-run smash over the right field wall in the third inning to open the Cincinnati scoring.

Cincinnati 002 050 000—7 15 0 Philadelphia 100 010 000—2 4 1 Nuxhall and Burgess; Sanford, Morehead (5), Miller (6), Cardwell (9) and Lonnert. L—Cardwell.

John Farrell, Jr., 24, former Georgetown golf captain, is a 1st lieutenant at the Air Filler Station, San Antonio, while Jimmy, 23, is a private at Fort Dix, N.J. Billy, a pro at 21, helps his dad at Baltusrol.

HARTACK'S 19TH STAKES WIN

CAMDEN, N. J. (AP)—Bill Hartack, who this year won stake races in Florida, Kentucky, Maryland and New Jersey, gained his 19th stake victory when he rode Kentucky Derby winner Iron Liege to a nose victory over Clem in the Jersey Stakes at Garden State Park.

The score gave Hartack's winners for 1957 a total of \$687,275.

The 25-year-old native of Black Lick, Pa., has won 12 stakes for Calumet Farm with Bardstown, Amoret, Gen. Duke, Fabius and Iron Liege.

PENNSYLVANIA TINGE AT NORTH CAROLINA

SOLE SURVIVOR

OLAR, S. C. (AP)—All that's left of the ghost town of Buford's Bridge near here is a Methodist church.

Sherman's troops burned down all the other buildings in the town when they swept through in 1865.

The old church now serves as a site for family reunions of descendants of those who are buried in the churchyard.

MAYFIELD CLICKS ON LONG ISLAND

WOODMERE, N. Y. (AP)—Shelley Mayfield, now in his third season as pro at the Meadow Brook Club in Jericho, finally made it in the Long Island Open golf championship with a 214, beating veteran Al Brooch by seven strokes.

Mayfield, a native of Seguin, Tex., had not won a tourney since March, 1956, when he scored in the Baton Rouge, La., Open.

His Long Island win was his first in the Metropolitan area in eight years as a local pro. He had tried for the Long Island Open five times prior to his victory at the Woodmere Club. Best he could do was runnerup to Fred Wampler, ex-Purdue ace, in 1952.

Dodgers In 2nd Place, Take Pair From Cubs, 6-3, 5-3

BROOKLYN (AP)—Brooklyn's Dodgers jumped into second place in the National League race with a two - night doubleheader sweep of the last place Chicago Cubs Friday night, winning the opener 6-3 on rookie John Roseboro's first major league home run in the 10th inning. A pinch single by Randy Jackson broke up the game for a 5-3 victory in the nightcap as right-hander Sal Maglie beat the Bruins for the ninth time in a row.

Their first doubleheader sweep of the year gave the Brooks eight victories in nine games since the All-Star break and hoisted the defending champs past St. Louis to within one game of first place Milwaukee.

The Cubs, who have lost nine of 10 to Brooklyn this year, had the Dodgers scrambling in the opener with three home runs—although getting only four hits and striking out 15 times against three hurlers.

And they clubbed two home runs among six hits in the nightcap—which opened with Gil Hodges, given a "night" by the fans, putting the Dodgers in a 1-0 lead with a first-inning single that produced the 1,000 run-batted-in of his career.

Von McDaniel, Cards Treated Rough, Bucs Capture 7-0 Shutout

PITTSBURGH (AP)—The Pittsburgh Pirates gave rookie bonus pitcher Von McDaniel rough treatment Friday night as they defeated the St. Louis Cardinals 7-0. Vernon Law, chalking up his sixth victory in 10 decisions, gave up 9 hits—all singles—but never was in serious trouble as the Cardinals dropped two full games back of league-leading Milwaukee.

Bill Virdon, a former Card, led the assault on McDaniel who gave up 9 hits in 5 2-3 innings as he led his second game in six decisions. Virdon had a single, double and triple in four trips.

A crowd of 25,774 watched the Pirates take a 2-0 lead in the first inning on Virdon's first hit, a booming triple after two were out, and Frank Thomas' 14th homer of the season.

Law gave up a hit in every inning except the sixth but no Cardinal got as far as third base.

BALTIMORE GAINS 4-2 Win Over A's

KANSAS CITY (AP)—Billy Loes, an exile from Brooklyn, pitched his tenth victory of the year for Baltimore Friday night as the Orioles beat the Kansas City Athletics 4-2, largely on the hitting of Billy Goodman.

While Loes held the A's to seven hits, Goodman singled twice to drive in a run in each of the sixth and eighth innings off starter Ned Garver. His hit in the sixth drove in Loes who had singled and moved to second on an error by Joe DeMaestri. The former Brooklyn problem boy also was involved in the Orioles' first score in the third inning. Al Pizarick scampered home as Loes hit into a double play.

Chicago Livestock Market Report

CHICAGO (U)—Butcher hogs hit a two-year top at \$22.00 Friday for the second time this week.

The market was mostly 25 cents higher and the top was paid for 12 head of No. 1 around 210-pounders. Sows were fully 25 cents higher and in some cases 50 cents higher. Larger lots of mixed grade 330 to 425-pounders sold at \$18.00 to \$19.25. Salable receipts were fairly light at 4,500 head, about 1,000 less than expected and 500 below a week ago.

There were only 700 salable cattle and steers average choice and better were absent. Low choice and below were weak. There were not enough heifers to test prices. Cows and bulls were steady to 25 cents lower and vealers about steady. Some good and choice slaughter steers sold at \$22.00 to \$24.50.

Small lots of spring lambs were steady, with good to prime kinds topping at \$24.00. Other classes were scarce in the salable arrivals of 200 head.

SOYBEANS SCORE SHARP ADVANCES IN ACTIVE TRADING

By WILLARD ROBERTSON

CHICAGO (U)—Soybean futures scored another sharp advance on the Board of Trade Friday and most other grains also were higher in active trading.

Beans advanced six to seven cents at one time, and wheat and corn more than a cent, although profit taking and weekend evening up cut into the best prices near the close.

New style wheat closed 1 to 1 1/2 higher, corn 1/2 to 1 1/2 higher, oats 1/2 higher to 3/4 lower, rye 1/2 higher to 1/2 lower, soybeans 2 1/2 to 4 1/2 higher, and hard 8 cents a hundred pounds lower to 5 cents higher.

For the week, soybeans showed gains of as much as 8 1/2 cents. Wheat was up as much as 4 cents, and corn almost as much, but oats were around a cent or more.

Good processor demand, and further reports of poor crop prospects in parts of the main growing belt, caused buying in beans. There also apparently was short covering in the July contract, in which trading will end Monday.

One authority toured southern Illinois, southern Indiana and Ohio and reported he never had seen so poor a crop in the year.

However, a report from Decatur, Ill., said a tour showed the crops in better shape than some people seem to think.

Also causing strength in beans was a government telegram to a commission house asserting that the estimated soybean acreage of 21,650,000 acres as of July 1 included intentions to plant during July. Traders had believed July plantings might increase the acreage.

New York Bond Market

NEW YORK (U)—Corporate and U. S. government bonds closed lower in routine trading Friday.

Top-grade corporates, rails and utilities declined while industrials were steady. Some convertibles resisted the downturn.

Light trading characterized the government market in the wake of Thursday's refinancing announcement by the Treasury.

Traders said the 4 per cent interest rate on the new 1-year and 4-year notes pushed down prices on some of the old bonds to get in line with yields of the new securities.

Corporate trading volume increased to \$4,030,000 par value on the New York Stock Exchange from \$3,840,000 Thursday.

New York Stock Market

By ED MORSE

NEW YORK (U)—A late rally by aircrafts and other defense-type stocks pulled a previously lower stock market into a mixed state Friday.

Although the spurt brought an increase in trading, turnover was the lowest since July 1.

The late upturn was prompted by news that Russia had cold-shouldered a British plan designed to speed East-West negotiations for a partial disarmament treaty, brokers said.

Earlier in the day the market behaved indifferently as it continued to consolidate following its failure to reach a new all-time peak this week. Prices were slightly higher at the start. But once the opening transactions were out of the way, the pace became slow.

Prices became mixed and gradually a lower one pervaded most major divisions.

The market was reported hesitant over the U. S. Treasury's new financing offer at the highest interest rates in more than 24 years. This was further evidence of tight money and high interest rates.

Volume dropped to 1,930,000 shares, the first time since July 1 it has slipped below the level of two million.

The Associated Press average of 60 stocks closed unchanged at \$166.80 with the industrials up 50 cents, the rails unchanged and the utilities down 30 cents.

Prices were mixed on the American Stock Exchange. Volume totaled 930,000 shares compared with 1,170,000 Thursday.

First Air-To-Air Atom Rocket Fired

turn about a mile away when the rocket went off.

"The plane encountered little more than normal turbulence from the shock wave," Hutchinson said. "There was very little physical feeling of the blast, but the flash was quite noticeable."

Capt. Alfred Barbee of Wild Rice, N.D., armed the rocket's atomic warhead after the plane was in the air and launched it.

The detonation was set off from a ground control point.

Maj. Bruce and four other defense command officers were stationed under the blast to test the possible effects upon the civilian population if an air battle was fought above a populated area with rockets.

They came out of the blast area appearing as trim as if they had just stepped out of an officer's club.

"See," said Maj. Norman Binger of Ridgefield, N.J., patting his uniform. "Not even any dust." The officers said they stood bareheaded, their eyes straight ahead.

Weren't Rocked
"We weren't rocked by the blast," Bruce said. "The heat of the blast was about like standing in front of a furnace door when it is opened for a moment."

"My only regret is that we didn't have a thousand people there so they would know the effects."

The Atomic Energy Commission, which carried out the test in cooperation with the defense command, said "no fall-out other than possibly traces is anticipated."

Another atomic test is scheduled for Saturday morning. It involves a below-nominal device to be set off from a balloon. News men will not be admitted to the test site.

HOW'S THAT AGAIN?
DETROIT (U)—When Walter M. Dunham, 61, and Selma Mae Back, 57, exchange marriage vows Monday his first wife will become his fourth and her first husband will become her fifth.

Dunham and Selma were first married in Hot Springs, Ark., when he was 21 and she was 17. They were divorced 11 years later.

Dunham moved to Detroit where he married twice. Selma remained in Hot Springs where she married three times.

Last month Dunham went to Hot Springs on vacation and looked Selma up for the first time in 30 years. He proposed and she accepted.

HOFFA ACQUITTED OF BRIBERY CHARGE

(Continued From Page One)

day. Fischbach was granted a mistrial last week when his attorney became ill, and the trial proceeded with Hoffa the sole defendant.

Asked whether he intended to go ahead and bring Fischbach to trial in view of Hoffa's acquittal, U. S. Atty. Oliver Gasch told reporters: "I do."

Hoffa, a short, bouncy man with slicked-down black hair, thanked U. S. Dist. Judge Burnita S. Matthews, the judge and his attorney, Williams. Then, when the judge left the courtroom, he told reporters: "It proves once again that if you are honest and tell the truth you have nothing to fear."

His acquittal Friday didn't end Hoffa's legal difficulties. He is under indictment in New York on charges of tapping telephones of underlings in the union's Detroit headquarters.

And Hoffa may be called as a witness in the Senate committee's investigation of "testimony" in the New York City area.

U. S. Atty. Gasch was asked by a newsman whether he felt Joe Louis' presence in the courtroom might have had an effect upon the jury. He replied: "I have no comment on that."

Gasch said a recent Supreme Court decision which made it necessary for the government to surrender statements, memoranda and notes of its witnesses to defense attorneys "gave the defense the opportunity to know long in advance each step in the government's case."

"It undoubtedly was a great advantage to the defense and made it correspondingly more difficult for the government to present its case," Gasch said.

TALL ONE FOR CHINA
MOSCOW (U)—Soviet engineers have designed a lowering platform rising 400 meters into the air—a hundred meters taller than the Eiffel tower—as a Peiping television center.

The structure will use steel tubes as its main "legs." A gallery for sight-seers and cabins for radio and television equipment will be included in the tower.

Police said Harold Strull, 49, told them he was refused a license because of poor eyesight.

He related the story after his first encounter with traffic police—when he lost his grip on the steering wheel while lighting a cigarette and ran over an embankment near Canadensis, Pa. He was unhurt.

NO CONTROVERSY
SEATTLE (U)—A burglar drew a pistol here for taking a prison term here for taking \$204, a pistol and a blackjack from a tavern. The establishment was the Don't Argue Tavern.

MAKING A CLEAN SWEEP—The world's largest vacuum cleaner, designed to protect jet aircraft by leaving runways cleaner than a kitchen floor, is prepared for a test run at Mitchell Air Force Base, N.Y. The JARC (Jet Aircraft Runway Cleaner) cleans an eight-foot swath of runway with each pass, removing sand, pieces of machinery, nuts, bolts, assorted hardware, and chunks of rock and gravel. The vacuum developed by the JARC is more than 1,500 times more powerful than the most efficient home vacuum cleaner. The volume of air handled each minute would sustain the breathing of 40,000 men. The reason for all this power is that the Air Force, in many tests, has proved that even a quarter-inch steel bolt, sucked into the intake of a jet, can cause an explosion and the disintegration of the engine.

Army Will Let Hayashi Direct Girard Trial

(Continued From Page One)

MAEBASHI, Japan (U)—William Girard's Army and Japanese legal advisers agreed today to forego further help from American civilian attorneys in defending the young GI from a manslaughter charge.

With the Army advisers' consent, Japanese lawyer Ituro Hayashi assumed over-all direction of Girard's defense in his trial scheduled for Aug. 26 in a Japanese court here.

The well known Japanese attorney mapped plans for the defense with Maj. Stanley Levin and Brig. Gen. Charles Decker, the Army's assistant judge advocate general who was assigned to see that Girard's rights were safeguarded. Hayashi also met with the chief judge of the Maebashi district court and Japanese government prosecutors.

Afterward Hayashi said Girard will appoint two more Japanese lawyers to help in the defense. He said Levin and Decker had agreed not to hire any American lawyers.

Girard is accused of killing Mrs. Naba Sakai with a grenade launcher while she was gathering scrap metal on a joint U. S.-Japanese firing range. Conviction would bring a sentence of 2 to 15 years in prison.

Levin said the case now rests in Hayashi's hands. It was reported that Levin, as Girard's personal legal adviser, would be commissioned as a special defense lawyer to assist the Japanese team.

"My entire military duty now is to assist Mr. Hayashi," Levin said.

Hayashi also conferred with Girard at Camp Whittington, the Army base near where the GI is under restriction awaiting the trial.

The rules call for every truck, jeep or car to race off together at 10 a.m. No claims can exceed 600 by 1,500 feet.

Treasury Men Take Interest In Rug Design

WASHINGTON (U)—A local rug cleaner has promised to stop displaying a customer's Persian rug, if the Treasury Department will stop pestering him for the name of the customer.

The 3x6 foot rug is woven to resemble an old-style dollar bill, complete with portrait, seal and serial number.

Alex George, the rug cleaner, said Treasury agents have been carping at the carpet because it's illegal to display facsimiles of U. S. currency for commercial purposes. He said they also wanted to know who owns it.

George said a customer bought the rug—which took 15 years to make—in Iran during World War II. He explained it would violate the rug cleaning code of ethics to identify the owner.

George said he agreed to take the rug out of his shop window and the Treasury agents agreed to drop the subject.

WELL-VERSED TALKER TALKS 24 HOURS IN FILLING STATION

(Continued From page one)

tion to listen—that Wendling and his son had to go out and buy sandwiches and drinks for him. Who was he? Wendling doesn't know.

The visitor gave several different names. Wendling remembers one—"Rick Savage." The name is not familiar in Springfield.

But the fellow seemed to know everybody. He placed a call to Princess Grace in Monaco and talked to a lady—perhaps the princess herself—in the Monte Carlo palace. He talked with a teacher in Paris. He placed calls all over the United States.

A telephone company service man had to empty the phone's money box midway through the 24-hour stint, while this was going on, the stranger handed \$25 to a customer

Greene County Red Cross Makes Relief Drive

The Greene County Chapter of the American Red Cross is collecting a special fund for victims of the Hillview-Drake flood on June 14, with \$146 received to date. The money will be used to meet immediate emergency needs of families and individuals affected by the disaster.

William Vogt, Greene county chairman reports that the Red Cross has already made available the sum of \$12,663.05 for relief in Greene County from funds received during the annual campaign held in March.

However contributions are being asked for in this emergency, money to be sent to Mrs. Clover Hackley, at Carrollton, Executive Secretary.

Of the funds used to date, \$1,742.09 was used for food and clothing; \$4,664.80 repairing of homes; \$5,604.96 furniture; \$246.55 for mass feeding; and \$403.75 for medical assistance.

The furniture, food and clothing was bought from merchants in this area and many in the county have rendered assistance in the assisting of relief emergency agencies. Large amounts of food, clothing and furniture as well as other needed items have been donated by citizens of the county.

Ray W. Chaney Of Greenfield Dies In Alton

GREENFIELD—Ray W. Chaney, 76, a retired rural mail carrier, died at 9 p.m. Thursday at St. Joseph's hospital in Alton where he had been a patient for two days.

For the past seven months he resided with a niece, Mrs. Marion McBride, in Roxanna. He was born in White Hall on Oct. 27, 1880, a son of Joseph and Anna Lynch Chaney. He married Nora Converse, who died Feb. 4, 1945.

Survivors include a son, Lloyd of Greenfield, and a brother, Joseph F. of Wrights. He was a rural mail carrier out of the Greenfield post office for 32 years, retiring in 1950. He was secretary of the Greenfield cemetery board for many years and served three terms as alderman from the second ward, declining to run for reelection last April because of poor health.

He was auditor of the local camp No. 459, Modern Woodmen of America, and belonged to the Rubicon Methodist church. Funeral services will be held at 2 p.m. Sunday. The Rev. Roland E. Bula, pastor of Greenfield Methodist church, will officiate, and burial will be in White Hall City cemetery.

Bag Of Costume Jewelry Found Along Highway

State highway maintenance men found a shopping bag filled with cheap rings, bracelets, earrings, combs and other "costume jewelry" while they were moving along Route 67 four miles north of the city Friday morning. They brought it to the sheriff's office, but left without leaving their names.

The bag was found slightly south of the spot where a Ford car declared he was deserted late Wednesday night by a couple who promised to take him to Chester in return for a tank of gasoline. He was Herman Schuemaker, who was enroute to Chester where he hoped to sell the jewelry to fair goers.

In his report to Deputy Wayne Carter, Schuemaker said there were about \$50 pieces of jewelry in the bag and he set the value at \$110. It is assumed that the couple tossed the bag out of the car soon after they deserted Schuemaker.

The latter was notified Friday that his property has been recovered and he will come to Jacksonville to claim it.

To Open Bids For Work Here

SPRINGFIELD — The Illinois Division of Architecture and Engineering has called for bids to be opened here Tuesday, July 30, on improvements at nine state institutions.

The proposed work includes: Roads and parking lots and repairs to boilers Nos. 1 and 2, Illinois Braille and Sight Saving School, Jacksonville. Rehabilitation of roads and parking lots, Illinois School for the Deaf, Jacksonville.

ATTENTION MOOSE MEMBERS AND GUESTS

Cars And Drivers Ready For Derby Day Sunday

Final last minute arrangements were made Friday for the local 1957 Soap Box Derby to be held Sunday, July 21 on Derby Downs, West College avenue.

Kathy Ellis and Mrs. Ava Elan were the two people in charge of the preparations for the big race. Kathy Ellis (above left) is shown holding the winner's trophy and Mrs. Elan is holding the tool board to be given for the best constructed car by Bill Fanning of the Skelly

Oil Co. and H. A. Anderson of Sears Roebuck & Co. In the other picture some of the drivers are doing a little polishing on their racers which are on display in the John Ellis Chevrolet show room. The boys brought their cars in Wednesday and Thursday to be inspected prior to the race at 1 p.m. Sunday. Over 38 of the gravity powered vehicles are crowded in to the windows until Sunday morning when they will be taken to the starting ramp.

Three Killed In Plane Crash Near Springfield

SPRINGFIELD, Ill. (AP) — A small plane crashed in a cornfield about 10 miles northwest of Springfield Friday night, killing a man and two young women.

The victims were tentatively identified as Ernest Antonacci, about 50; Miss Nadine Rossi, about 20, and Miss Norma Jean Norris, about 25.

Antonacci, owner of the plane, operates a taxicab company in Springfield and also conducts an airplane taxi service. The two girls were employees of Ozark Airlines in Springfield.

The plane, a four-seater Cessna, crashed about 9:40 p.m. on the Frank Rhodes farm. It did not catch fire.

In Surprise Move Defense Rests In Clinton Trial

KNOXVILLE, Tenn. (AP) — The defense, in a sudden surprise with its lawyers contending the move, rested in the 10-day-old Clinton segregation trial Friday government "has not made any case at all."

U.S. Dist. Judge Robert L. Taylor announced each side will be allowed four hours for final arguments Monday.

Then on Tuesday, he said, he will charge the jury.

"We're quite happy over the way things have worked out," said defense lawyer William Shaw, assistant attorney general of Louisiana.

Another defense attorney, Thomas P. Gore of Nashville, told newsmen: "We say the government has not made out any case at all and there is no reason to deny or dispute immaterial or irrelevant matters."

"Therefore, we see no need to call our 40 or 50 more witnesses," The dramatic finale came after defense lawyers huddled in private for nearly an hour, delaying the opening of the day's session, while they threatened out their strategy.

Republicans against—Byrne, Church, Collier, Keeney, McVey, Mason, Michel, Sheehan, Simpson.

ALL WET
ANN ARBOR, Mich. (AP) — Why would anyone want to measure the size of a raindrop?

Simple, says University of Michigan meteorologist Nelson Dingle, who has just invented a "spectrometer" to measure them.

"Different raindrops have different character. They vary in the amount of energy they have for eroding or compacting the soil, in their efficiency for washing dust particles — including radioactive debris — out of the atmosphere and in the way they reflect radar waves back to observation stations."

STEADY OCCUPANTS — SEBRINGVILLE, Ont. (AP) — People apparently like living in this area 25 miles north of London. There are nine farms that have been owned by the same families for more than 100 years.

Miller Fined \$500 Given Suspended Jail Sentence

WASHINGTON (AP) — Playwright Arthur Miller was fined \$500 and given a one-month suspended jail sentence Friday for contempt of Congress, but he refused to let the curtain fall on his case.

He announced he would appeal, saying, "I don't believe that I ever committed contempt."

U.S. Dist. Judge Charles McLaughlin turned down a new motion Miller filed Friday to have his 31 conviction set aside. Instead, he imposed sentence on Miller, 41-year-old husband of actress Marilyn Monroe.

But, rather than send Miller to jail for the 30-day term, Judge McLaughlin placed the tanned, lanky writer on probation for three months.

The judge said that in imposing sentence, he had taken into account the fact that Miller answered all but two questions put to him by a House subcommittee on Un-American Activities in 1956.

Miller was convicted of unlawfully refusing to answer two questions before the House subcommittee. They dealt with the identity of persons with whom Miller said he attended meetings of Communist writers in New York in 1947.

BOMB SCARE TURNS BACK PARIS BOUND AIRLINER — SYDNEY, N.S. (AP) — An Air France airliner with 33 passengers bound for Paris turned back Friday night to Sydney Airport, where firemen and airline officials searched the plane for a possible bomb.

The aircraft was cleared for takeoff again after about two hours.

A similar bomb scare caused three Air France planes to turn back Thursday night after taking off from New York.

People Return Home As Workers Plug Leak In Dam

CAPULIN, Colo. (AP) — Farmers and townspeople folded their tents and moved back to their homes Friday as the threat of a break in the terrace reservoir subsided.

More than 1,000 people live in the immediate area in southwest Colorado.

Many moved to higher ground Thursday, fearing a wall of water if the dam broke.

Engineers working to plug a leak in the 45-year-old earthen structure were cautiously optimistic that it would not burst.

Millions of gallons of valuable irrigation water, more than has been stored in the reservoir in several years, rushed down Alamosa Creek. It was being released at the rate of 2,000 acre-feet a day, the maximum capacity of the outlet valves, to ease pressure against the dam.

Engineers estimated it would take four to five days to lower the reservoir level to the leak. It was believed to be 40 to 50 feet below the top of the 168-foot structure.

STUDENT OF CRIME GETS CAUGHT

PHILADELPHIA (AP) — A student of crime was caught getting some practical experience Thursday night and was charged with burglary.

Donald Jones, 23, said he had been studying crime for 40 weeks and was scheduled to graduate from the Pennsylvania Institute of Criminology this month. Thursday night two patrolmen, Kenneth Nordgren and John Maseko, said they caught him taking \$13 from the till in a grocery store. They said he had smashed the glass in a door to get in.

Jones told police he committed the crime because of "an urge."

Mrs. Mary Leona Gage Ennis of Manhattan Beach, Md., was deluged with show business offers all day after she admitted that she has a husband and two young sons, a situation which promptly knocked her off her Miss U.S.A. throne and left Friday night's final competition without a United States entry.

The offers came so fast and furious, in fact, that Mrs. Ennis was sequestered in her hotel room with a policeman at the door to keep visitors out, except by telephone.

She emerged briefly, however, with Mack Miller, talent agent for the Tropicana Hotel, Las Vegas, who had managed to get in to talk to her, to say that she plans to accept a \$200 a week engagement at the hotel.

But a little later the 18-year-old girl fainted, in this reporter's arms, when he told her her father, F. D. Gage, 56, is a pauper patient at the Wichita Falls, Tex., County Farm Hospital.

STATE AUDITOR FURNISHES ADDITIONAL \$450,000 BOND — SPRINGFIELD, Ill. (AP) — State Auditor Elbert Smith said Friday he has furnished and Gov. Stratton has approved an additional \$450,000 bond as required under a new law.

An increase from \$50,000 to \$500,000 in the auditor's bond was authorized at the recent session of the Legislature and later approved by Stratton. It was one of several reform measures growing out of the Orville E. Hodge scandal.

The new bond must also be approved by two justices of the State Supreme Court.

Mrs. Ida Dunnham Dies At Nursing Home In Hannibal

Mrs. Ida Dunnham, 78, died at a nursing home in Hannibal, Mo., at 12:30 Friday morning. The body was brought to the Sutter Funeral Home in Pittsfield.

She was born in New Salem, Mo., Feb. 20, 1879, the daughter of Jules and Sarah O'Donnell Bonnett. She was married to William Dunnham, a farmer who died in 1941.

She left Pittsfield six years ago to make her home with her children, eleven of whom survive her. There are four sons, Lloyd of Pittsfield, Lawrence of St. Louis, John of Galesburg and Gene of Arizona, and seven daughters, Mrs. Nettie Ash and Mrs. Edna Smith of Pittsfield, Grace Wilkins of Galesburg, Mrs. Gertrude Myers and Josephine Hodkins of Hannibal, Sylvia Peterson of Moline, and Iva Barnes of California. There are two brothers, William Bonnett of Quincy, and George Bonnett of Quincy, and two sisters Mrs. Bessie Mann of Quincy and Mrs. Agnes Phillips of Griggsville.

There are 26 grandchildren and 20 great-grandchildren. Funeral services will be Sunday afternoon at 3:30 at the Sutter Funeral Chapel with the Rev. Coleman White of Hannibal officiating. Burial will be in the Blue River Cemetery.

Deposed Miss USA Faints When Told Father Is Alive

LONG BEACH, Calif. (AP) — A day of shocks for the deposed Miss U.S.A. of the Miss Universe contest reached its peak Friday night when she was told that her father is still alive.

She promptly fainted.

This news and a series of show business offers indicated the Maryland beauty might be getting her Cinderella coach out of the ditch into which it careened this morning when she was ousted from the contest for being married.

Mrs. Mary Leona Gage Ennis of Manhattan Beach, Md., was deluged with show business offers all day after she admitted that she has a husband and two young sons, a situation which promptly knocked her off her Miss U.S.A. throne and left Friday night's final competition without a United States entry.

The offers came so fast and furious, in fact, that Mrs. Ennis was sequestered in her hotel room with a policeman at the door to keep visitors out, except by telephone.

She emerged briefly, however, with Mack Miller, talent agent for the Tropicana Hotel, Las Vegas, who had managed to get in to talk to her, to say that she plans to accept a \$200 a week engagement at the hotel.

But a little later the 18-year-old girl fainted, in this reporter's arms, when he told her her father, F. D. Gage, 56, is a pauper patient at the Wichita Falls, Tex., County Farm Hospital.

TWO PAY FINES — Darol Nelson of Jacksonville paid a fine of \$15 and costs in the court of Justice Homer Conover when arraigned on a charge of reckless driving. The complaint was filed by Edmund L. Heyer of the state highway patrol.

Dale W. Greshom of Manchester was fined \$10 and costs for speeding in Murrayville. Village Marshal Dale M. Blimling issued the complaint.

SPECIAL COURSES — To Be Taught At MacMurray

Jacksonville area residents interested in attending a special three-week summer school session at MacMurray College, July 22-Aug. 9, can register Monday in the recorder's office in Main Hall at the college. A \$5 late-registration fee will be charged those enrolling after Monday.

Two courses, in English and Education, will be offered during the interim session. A two-hour course in Primary Handicrafts will be taught by Miss Agnes Wilson, instructor of education and director of kindergarten. It is a course providing opportunity for practical work in various media of expression used in kindergarten and primary grades. Credit will be given only to those concentrating in kindergarten and primary work.

Dr. Frieda Gamber, professor of German at MacMurray College, will teach a three-hour course in Contemporary Drama for the three-week session. It will include continental, British and American drama from Ibsen to the present.

The courses will be given in rooms 2 and 3 of Science Hall, at the corner of South Clay and East College. Cost for this session is \$15 per semester hour.
